# Prince Edward Island

## LAWS & ANNOUNCEMENTS

### PPE

Apr 21: Wearing a mask is no longer required in hospitals, health centres, long-term care facilities or other Health PEI buildings. Those experiencing COVID symptoms should continue wearing a mask voluntarily, the government advises.

### Workers Comp

Apr 14: The PEI WCB approved changes to a pair of workers comp policies: i. Audit of Employer Accounts ([POL-45](#)); and ii. Medications ([POL-120](#)).

### Environmental

Apr 26: PEI launched [online surveying](#) seeking feedback on its plan to generate clean and sustainable energy on the way to achieving its goal of net zero emissions by 2040. Issues on the table include accelerating electrification, shifting to sustainable fuels and building the green energy workforce.
